

## LEATHER - FINISHES

Leather like all natural materials will change with age, according to the situation, exposure to sunlight and usage (or lack of). The more you use it, the better it looks, the oils from your hands feed the leather and create a unique patina. Leather handles should only be used internally. Please see our leather care instructions for maintenance and cleaning.

### Colour Variation

Vegetable tanning is an art rather than a science, please allow for slight variations in colour from batch to batch, this is all part of the charm of using such a beautiful and natural material.
