Modern Country

Modern Country Wallpaper, Trimmings and Weaves Collection

Bringing together a group of exciting, dynamic wallpapers, trimmings and a collection of serene, subtle weaves, Mulberry Home's take on 'Modern Country' is the perfect answer not just for cool country houses but amazing for eclectic town houses too.

Much-loved heritage designs, re-imagined as wallpapers in brilliant new colours, are matched by the romantic palette of the weaves: classic quiet neutrals and muted shades of teal and indigo. Superbly textured and colourful trimmings add a special wow factor to curtains and upholstery and complete the 'Modern Country' collection.
